Edition

# Free Prompts for:

Conference suggestions... pg4

Grant proposals..... pg6

Time management..... pg8

Systematic reviews..... pg10

Disseminating findings..... pg12

# Remember to Feed your AI

Your AI is hungry. The more data and info you feed it as part of your prompting, the stronger it gets and the more it helps you.

Tell it about your job and project every time you prompt!

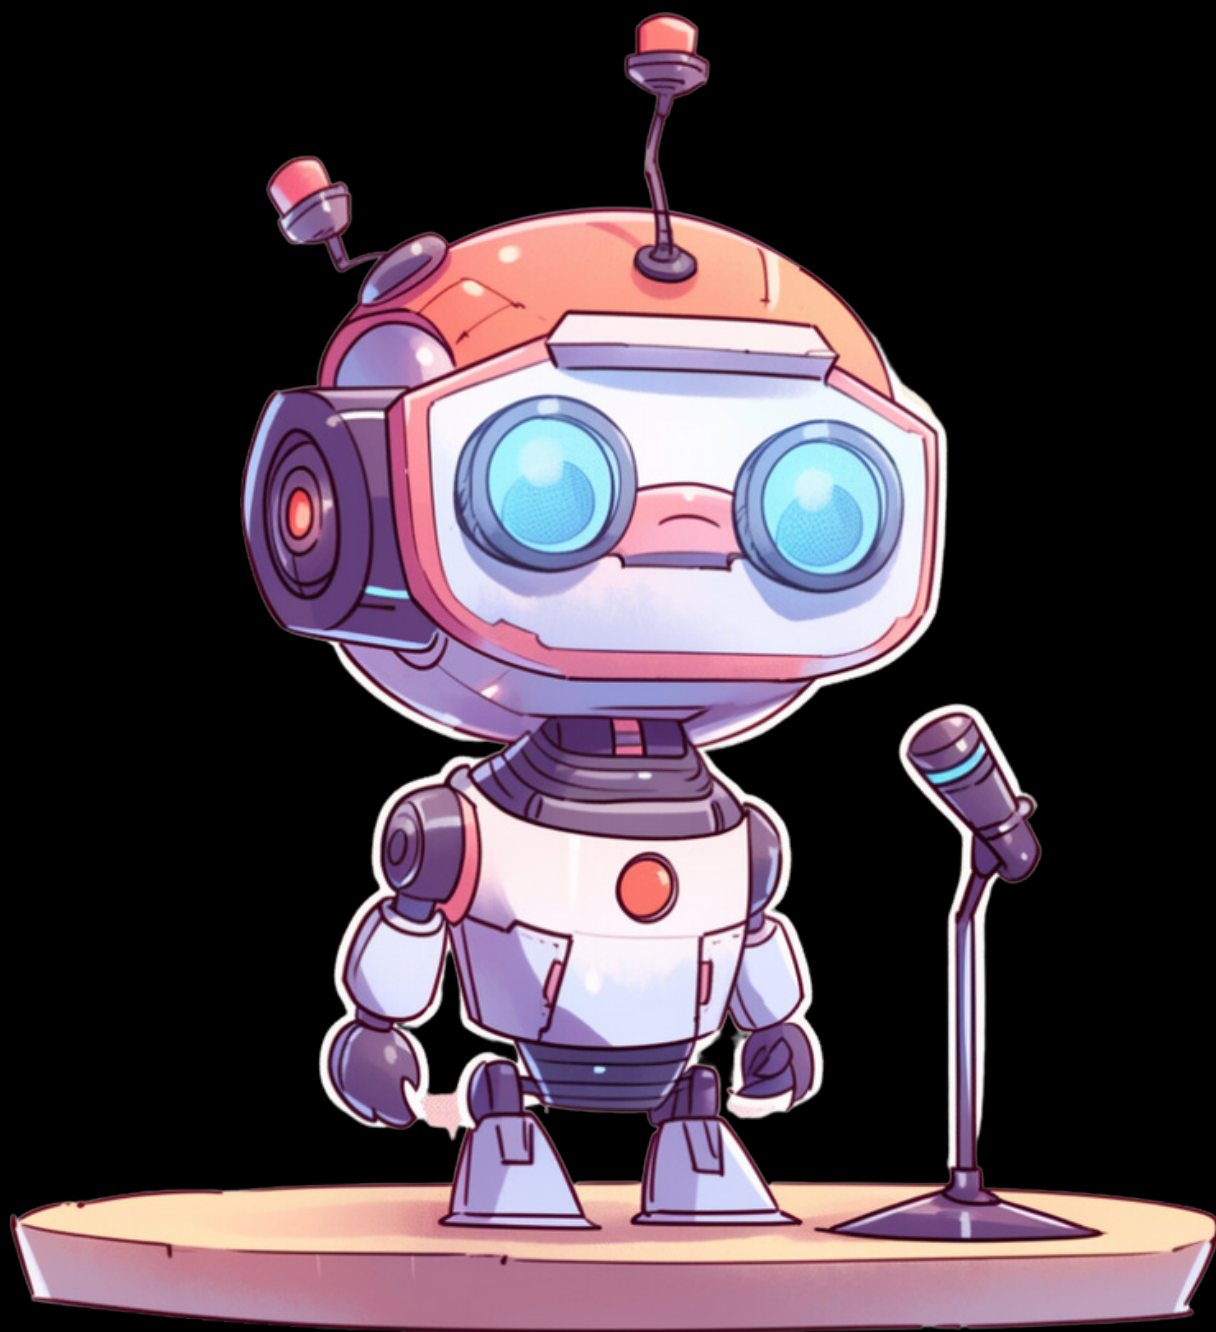

Attending relevant conferences and symposia is essential for networking and staying updated on the latest research. This prompt provides a list of recommended events tailored to a specific area of study, reducing the time spent on researching suitable events.

Prompt: "Recommend conferences or symposia related to [area of study]."

Drafting a grant proposal requires a well-structured format. This prompt provides a template tailored to a specific area of study, helping researchers to organize their proposal efficiently without having to structure it from scratch.

Prompt: "Provide a template for a grant proposal for research in [area of study]."

Efficient time and task management are crucial for the success of a research project. This prompt provides strategies for managing time and tasks, helping researchers to optimize their workday without extensive planning.

Prompt: "Suggest strategies for managing time and tasks during a research project."

Conducting a systematic review involves multiple steps and strict adherence to guidelines. This prompt provides comprehensive guidelines tailored to a specific area of study, helping researchers to conduct a systematic review without overlooking any essential tasks.

Prompt: "Provide guidelines for conducting a systematic review in [area of study]."

Disseminating research findings to a broad audience is essential for maximizing impact. This prompt provides strategies for dissemination to both academic and non-academic audiences, helping researchers to communicate their findings effectively without extensive planning.

Prompt: "Recommend strategies for disseminating [topic] research findings to both academic and non-academic audiences."
