Remember to Feed your AI

Your AI is hungry. The more data and info you feed it as part of your prompting, the stronger it gets and the more it helps you.

Tell it about your job and project every time you prompt!

Generating an initial concept for a project is often the most daunting part. This prompt will guide you through brainstorming, giving you a jumpstart on the ideation process.

Prompt: "Generate concept ideas for a [building type, e.g., 'residential'] project in [environment, e.g., 'urban'] settings."

Sending out a briefing to the team sets the tone for the project and ensures everyone is on the same page. This prompt creates a ready-to-send briefing document.

Prompt: "Prepare a project briefing for the [client, e.g., 'Johnson family home'] outlining objectives, timeline, and key milestones."

Energy efficiency is a big concern in modern architecture. This prompt can help you quickly identify sustainable materials and technologies.

Prompt: "List sustainable materials and technologies suitable for [project type, e.g., 'low-income housing']."

Customized templates speed up the drawing process. This prompt can help generate a template suited to the specific requirements of your project.

Prompt: "Create a CAD template for drafting [building type, e.g., 'commercial'] buildings."

Regulatory compliance is essential but can be time-consuming to navigate. This prompt provides you with a checklist tailored for your specific project.

Prompt: "Provide a checklist of regulatory requirements for constructing a [building type, e.g., 'skyscraper'] in [city]."

Without your **reposts** and **comments**, my buildings are all leaning towers
