Remember to Feed your AI

Your AI is hungry. The more data and info you feed it as part of your prompting, the stronger it gets and the more it helps you.

Tell it about your job and project every time you prompt!

A well-defined roadmap serves as a blueprint for all project activities. This prompt can generate a development plan, enabling the team to focus on execution.

Prompt: "Create a roadmap for launching a [type of virtual asset, e.g., 'NFT marketplace'] on [platform]."

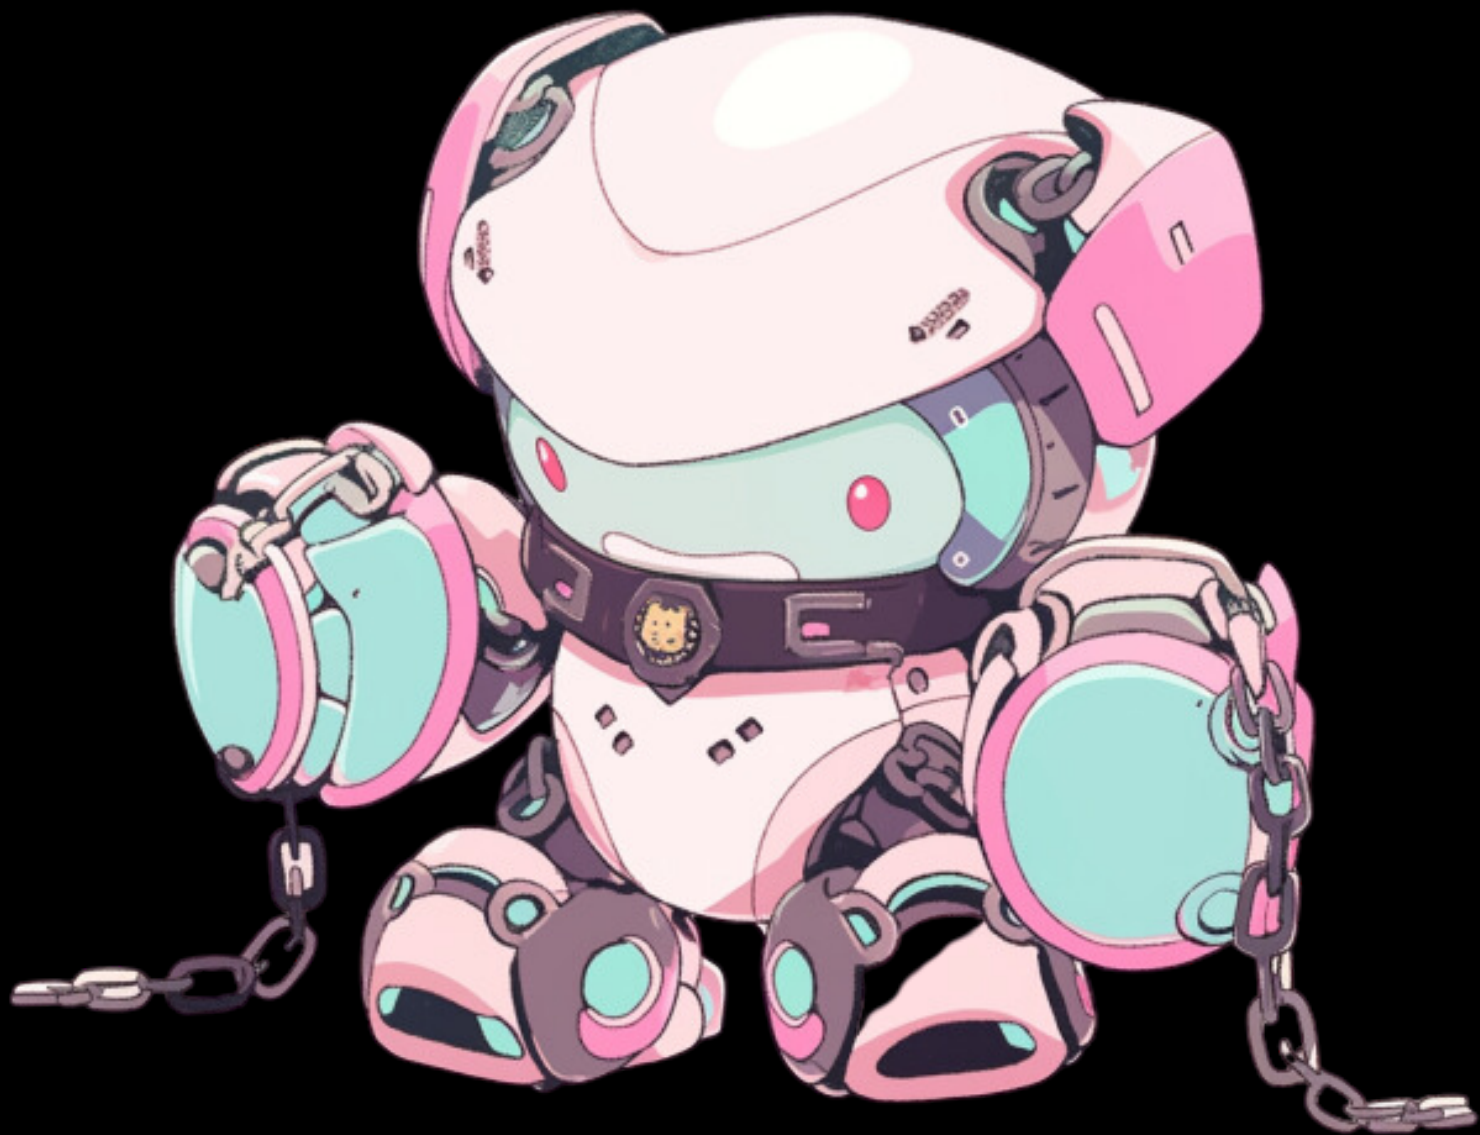

Effective internal communication is crucial. This prompt aids in quickly generating team updates, removing the hassle of writing them from scratch each time.

Prompt: "Provide a template for weekly updates to the development team on [project, e.g., 'virtual real estate platform']."

Preparing for regulatory constraints is essential in the decentralized space. Get an overview of legal concerns to be better prepared.

Prompt: "List potential regulatory challenges when creating a [type of service] and ways to mitigate them."

Fundraising is often necessary but time-consuming. Streamlining the creation of pitch decks can save significant time.

Prompt: "Outline a pitch deck for raising funds for a new [web3 project, e.g., 'Decentralized Finance (DeFi) platform']."

Technology stacks can be confusing and time-consuming to select. Get a recommendation that suits your specific project.

Prompt: "Recommend a technology stack for developing a [type of metaverse experience, e.g., 'VR concert']."
