

FREE ChatGPT Prompts

Uber/Lyft Driver
Edition

Free Prompts for:

High volume times..... pg4

Common routes..... pg6

Expense reports..... pg8

Seasonal tips..... pg10

Identifying challenges..... pg12

Remember to Feed your AI

Your AI is hungry. The more data and info you feed it as part of your prompting, the stronger it gets and the more it helps you.

Tell it about your job and project every time you prompt!

Identifying high-volume times can maximize your earnings while reducing idle time.

Prompt: "Analyze the best times to drive in [area/city] to maximize earnings based on historical data and events."

Having a planned route for common destinations will save time navigating and increase overall efficiency.

Prompt: "Outline optimized routes for frequent destinations such as airports or popular landmarks in [city/area]."

Keeping track of expenses in real-time will make it easier to manage finances and tax filing.

Prompt: "Create a daily expense log template for tracking fuel, maintenance, and other ride-related costs."

Preparing for seasonal changes can help you adapt your service for higher customer satisfaction and better reviews.

Prompt: "List essential items to keep in the car for [season] to enhance the passenger experience (e.g., water bottles for summer, blankets for winter)."

Identifying challenges you face helps you search for or brainstorm specific solutions.

Prompt: "Help me identify three key challenges I face in my daily rides as an Uber/Lyft driver and propose potential solutions. Start with some common suggestions."

Without your
reposts and
comments, I
always get drunk
