Remember to Feed your AI

Your AI is hungry. The more data and info you feed it as part of your prompting, the stronger it gets and the more it helps you.

Tell it about your job and project every time you prompt!

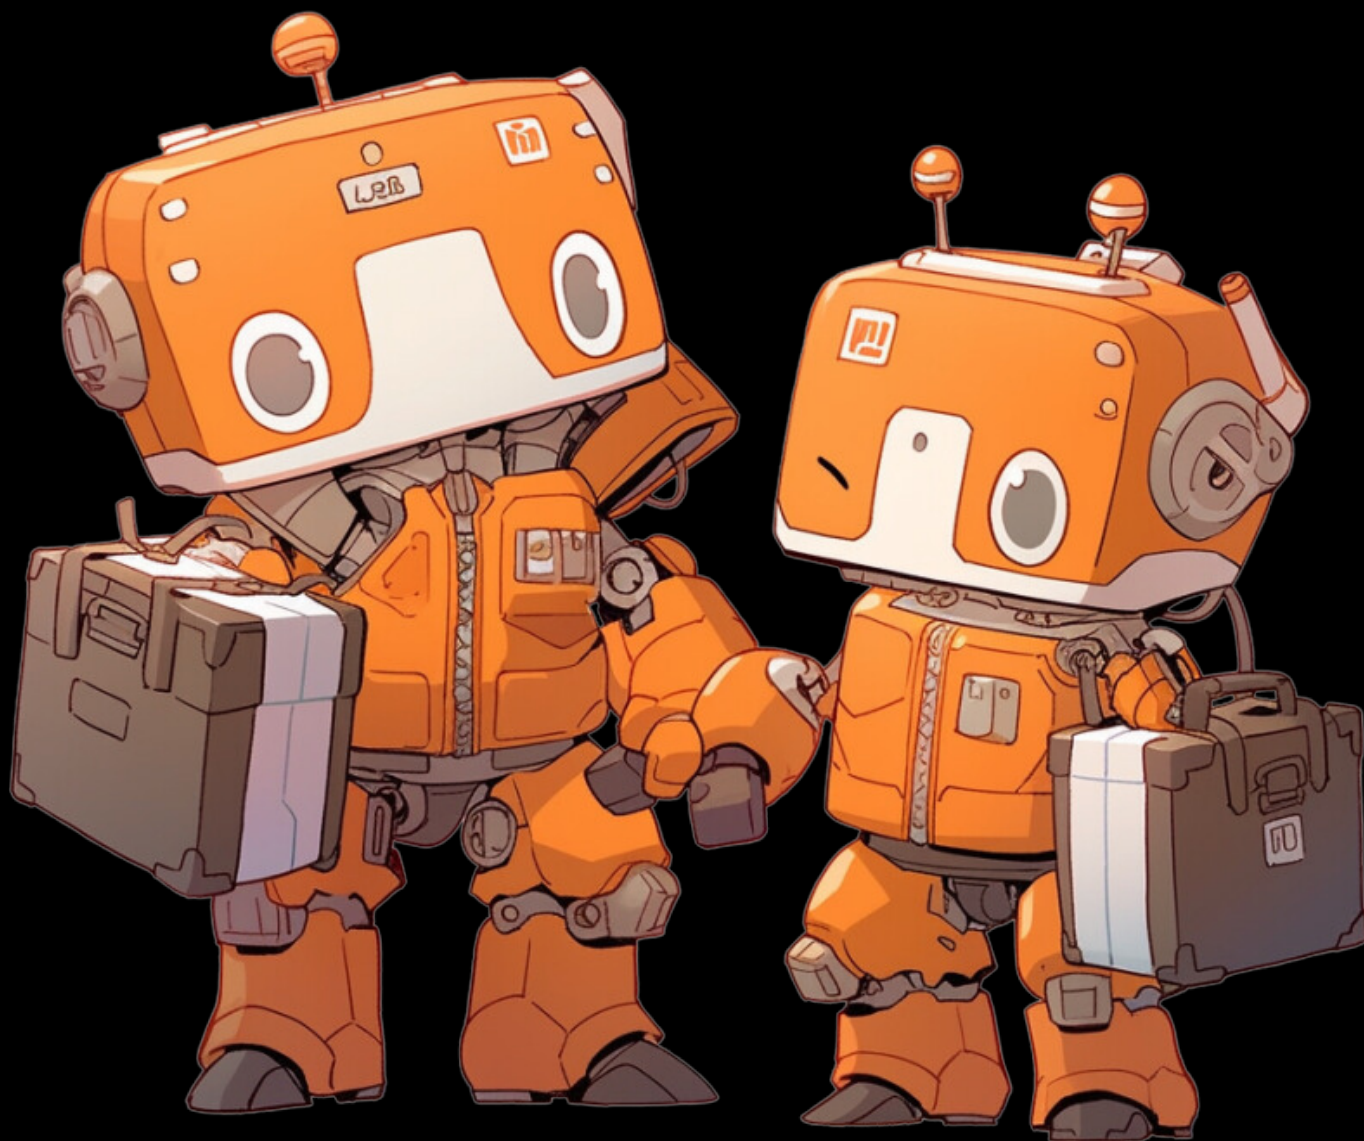

Including relevant keywords can increase the chances of passing through Applicant Tracking Systems (ATS). This prompt helps in identifying those keywords without having to parse multiple job listings.

Prompt: "Recommend key skills and buzzwords I should include in my resume for a [specific job role or industry]."

Crafting a thoughtful follow-up email can be a differentiator. This prompt provides a structured and personalized message quickly.

Prompt: "Help me draft a thank you email after an interview with [Company Name] for the [Job Role]."

Addressing employment gaps can be challenging. This prompt offers ways to present these gaps positively and confidently, eliminating the stress of formulation.

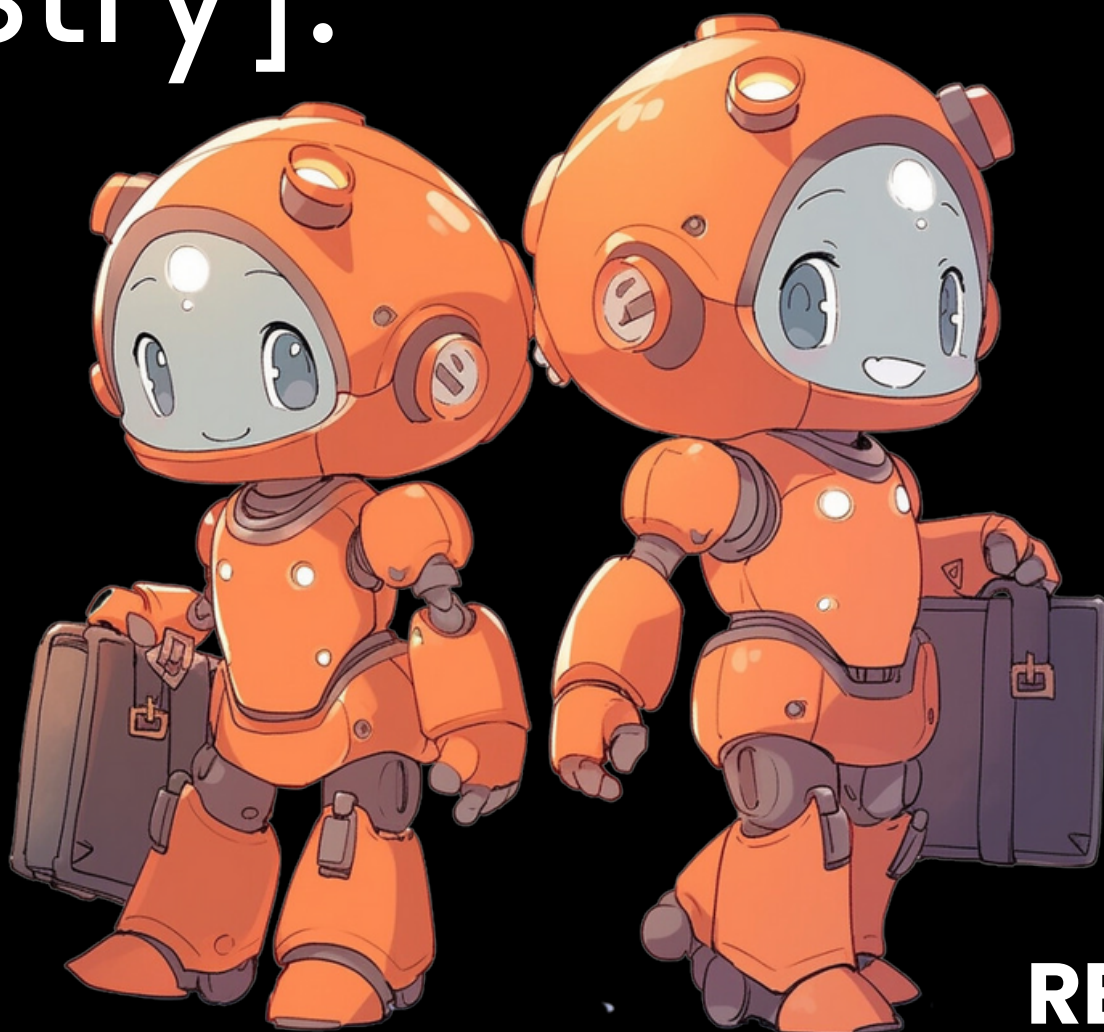

Prompt: "Provide strategies for addressing gaps in employment on my resume and during interviews."

Being prepared for behavioral/other questions can boost confidence. This prompt ensures job seekers have well-structured answers without spending hours on prep.

Prompt: "Help me prepare answers for common behavioral/other interview questions for the [specific job role or industry]."

Company research is crucial before interviews. This prompt offers a structured approach to gathering information, ensuring a comprehensive understanding without missing key aspects.

Prompt: "Provide tips on how to research a company before an interview."
